Washington, D. C. 20560
U. S. A.

Dear Dr. Bayer :

I am a student of Marine Biology, and at the moment I am working on my thesis, related with the ecology of octocorals of San Andrés Island. (Colombia). For this study I need exact identifications of the different species and therefore I need your help in the confirmation and identification of the following species.

I would appreciate very much your valuable help and please feel free to stay with the material.

Sincerely yours,

JORGE RESTREPO.
