

12/28/66.

Dear Dr. Bayer:

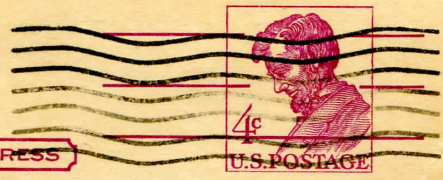

You have indeed been most kind in your prompt return of the identity of the gorgonian as Eugorgia ampla. We greatly appreciate this help, and thank you for it.

I hope that you know a couple of our former graduate students now there: Gene Corcoran and Carl Oppenheimer.

With thanks again, and best wishes for 1967,

Sincerely,

Denis L. Fox
S.I.O. La Jolla, California.
